PURPOSE BUILT TRANSPORT CASE WITH MOLDED LOCATIONS FOR WINCH PCW3000

Can be attached to molded backpack PCA-0104. This transport case with molded parts is specially designed for the PCW3000 winch. Transport and store your winch safely in this resistant and sturdy box made of high-performance plastic! Its molded shape facilitates the storage of the winch. Equipped with a strap on each side, you can easily attach it to your quad, snowmobile, rowboat or other vehicle. It is also specially designed to be attached to the molded backpack, PCA-0104, for easy transportation.

MOLDED BACKPACK TO CARRY THE PCW3000 WINCH

Designed for the PCA-0102 carry case in combination with vinyl rope bag PCA-0103 or just the large 50-litre XXL carry bag. Made of sturdy polymer, this ergonomic molded backpack comes with shoulder straps and a belt, all padded, thus offering excellent comfort. When you use it with the PCA-0102 case and the PCA-0103 bag, you can transport the PCW3000 portable capstan winch, a 10 mm x 50 m rope and several small accessories. If you use it with the large XXL 50-litre bag, you can also transport the PCW3000, some accessories and a 10 mm x 50 m rope but you can also use it as an all-purpose backpack!

CHARACTERISTIC

Material: Polymer

1 year

EQUIPMENT FOR THE PCW3000 WINCH

PCA-0105

WEIGHT	LENGTH	WIDTH	HEIGHT
1 kg	26 cm	24 cm	17 cm

XXL EXTRA LARGE TRANSPORT BAG (50 LITERS)

This extra-large carry bag has a capacity of 50 litres. Robust design using resistant vinyl and solid seams. Its roll-up closure is very easy to use; you just have to fold the edge back on itself several times and then attach the clips. And, once closed, the bag will be weather-resistant!

It is specially designed to be attached to the molded backpack (PCA-0104). Therefore, it is an interesting alternative to the PCA-0102 case when you want to transport the PCW3000 portable winch, some accessories and a 10 mm x 50 m rope. It can also be used as a multi-purpose backpack.

CHARACTERISTICS

Material: Vinyl

WARRANTY

1 year
